

<div> <div></div> <div>Dynamic Budgets User Guide for Change in Display of Revenue Values</div> </div>	<div> <div>1</div> <div>  </div> </div>
<div> <div></div> <div> Contact Dynamic Budgets before changing the display of revenue. The reasons are: <div> <div>1. We need to determine the assumptions, allocations, and fixed calc entry.</div> <div>2. We may have multiple tables of data and years of history to correct.</div> </div> </div> </div>	<div> <div>2</div> <div>  </div> </div>
<div> <div></div> <div> Note: Brand new customers not a problem. Changes can be made for them. Also, The changes cannot be corrected from the front end, but it's an easy fix in SQL. This doesn't affect GP. Only Dynamic Budgets. </div> </div>	<div> <div>3</div> <div>  </div> </div>
